The MO Women's Council was founded in 1985 by the State's 83rd General Assembly. In 1997 the funding was moved to the Department of Economic Development. While housed under DED, the funding for the Women's Council has been provided by General Revenue, Federal Funds and at times both General Revenue and Federal Funds. Since 2007, the sole source of funding has been Federal Funds from the Division of Workforce Development. The department feels that the funding should be switched to General Revenue and located in the Administration budget.

#### DEPARTMENT OF ECONOMIC DEVELOPMENT Business and Community Services – MERIC Section 7.015

#### Budget Book Page 25

This section provides funds for the Missouri Research and Information Center (MERIC), which was merged into Business and Community Services from Administrative Services in late 2006. MERIC provides analysis and research to policymakers and the public. This includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of labor to conduct research and produce information on economic conditions, reports and labor market information. MERIC works in partnership with the Finance, Sales, Marketing and Compliance Teams.

### Business and Community Services – Marketing Section 7.015

#### Budget Book Page 36

This section provides funds for Division of Business and Community Services, Marketing Team that promotes and publicizes Missouri as a great place to do business in both the national and international marketplace. The Marketing Team supports the Division of Business and Community Services (BCS) by providing all print advertising, publishing, videography, and other media production services. The team consists of professional graphic design artists, a videographer, event planners, and technical writers. In addition to creating marketing collateral materials aimed at the public, they support the other teams by designing and publishing applications, reports, and newsletters specific to the Division. The Marketing Team works in partnership with MERIC and the Finance, Sales, and Compliance Teams.

The International Promotions Revolving Fund is a means for collection of private funds provided by companies in support of the services DED provides in accompanying businesses on foreign transactions. The Program Specific Distribution funding is used to support the Export Trade Program, which supports travel, trade show costs and other direct costs of Missouri businesses to create export sales. The Export Initiative is supported by \$500,000 of the E/E funds included here.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Partnership Section 7.015

#### Budget Book Page 93

In 2007, the Missouri Partnership was formed with the intention of bringing new business and industry into the state. As a nonprofit economic development organization, the Partnership works together with other economic development organizations at the state, regional and local levels to attract new companies and help advance Missouri's standing as an industrial leader. The Partnership is organized as a 501(c) (6) nonprofit business league. Services from the partnership include: responding to requests for information and preparing proposals for the location of new business in the state, vetting available sites, locating new or available buildings, providing information on communities and workforce, identifying utility availability and cost, facilitating meetings with state government agencies and potential strategic partners, marketing the state nationally and internationally, maintaining a working relationship with site selection firms, and coordinating opportunities with DED overseas offices.

The Missouri Partnership also receives financial support from the state and from the Hawthorn Foundation – a nonprofit, nonpartisan, statewide organization that works with public and private efforts to increase Missouri's economic development. The Partnership's main source of funding is the Economic Development Advancement Fund, which receives the a 2.5% surcharge on the issuance of DED tax credits, with some exceptions noted in Section 620.1900, RSMo. The Hawthorn Foundation was created in 1982 by then-Governor Christopher "Kit" Bond to facilitate Missouri–based business and community leader participation in statewide business recruitment, retention and development efforts. The Hawthorn Foundation is also a 501(c) (6) nonprofit business league.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Technology Corporation/Research Alliance of Missouri Section 7.035

#### Budget Book Page 127

The Missouri Technology Corporation (MTC) is a not-for-profit corporation established pursuant to Sections 348.251 to 348.275, RSMo. There are four ex-officio members and eleven members are appointed by the Governor. The members consist of representatives from academia, government and private industry. The MTC functions as an adviser to the Missouri Department of Economic Development, the Governor and the General Assembly regarding business development opportunities related to new technologies and products. The general mission of the MTC is to provide access to new technologies for Missouri businesses and citizens. Their basic purpose is to contribute to strengthening the economy of the State of Missouri through the development of science and technology; promote the modernization of Missouri businesses by supporting the transfer of science, technology and quality improvement methods to the workplace; and to enhance the productivity and modernization of Missouri businesses. MTC oversees and provides recommendations to DED regarding the Innovation Center and Missouri Manufacturing Extension Partnership programs. MTC also administers a \$15 million appropriation from the sale of MOHELA assets in HB17 (2007) and serves as the administrator to the Life Sciences Research Board.

The Research Alliance of Missouri (RAM) consists of the chief research officers of Missouri's colleges, universities, and not-for-profit research institutions that spend at least \$10 million annually on scientific research. Its goal is to increase the number of multi-university research proposals and increase collaboration between the research and business communities. Its day-to-day functions are performed by the MTC executive director.

This section also provides for funding of Missouri Innovation Centers. Missouri currently has 10 designated innovation centers located in: Columbia, Rolla, St. Louis, Cape Girardeau, Kansas City, Springfield, Kirksville, Maryville, Joplin, and St. Joseph. Innovation Centers offer a wide range of management and technical assistance to technology-based businesses. The centers are familiar with up-to-date business management and technology innovations and help businesses apply these innovations to increase profits. Innovation Center clients become a part of a network of state, federal, university and private resources designed to develop and support high-growth businesses. Innovation Centers work with entrepreneurs by providing services such as helping to develop sound business growth models, obtain financing, find appropriate incubator office and research space, develop marketing plans, networking opportunities, and research connections with universities.

This section also provides funding for the Missouri Manufacturing Extension Partnership (MEP), which provides hands-on business and technical assistance to small and medium size manufacturers. It provides training in three broad areas: productivity improvement, ISO/quality management systems, and innovative growth strategies. MEP consists of the following partners: U.S. Department of Commerce, National Institute of Standards and Technology (NIST), Department of Economic Development and the University of Missouri system. The program is designed to form a federal/state/private partnership to leverage public funding sources on a 2-to-1 basis. The main office is located in Rolla.

#### Missouri Technology Corporation – Early Stage Business Grants Section 7.035

Budget Book Page 140

An Early Stage Business Corporation (ESBDC) is a not-for-profit corporation designated by the MTC as a winner of regional, national, or international competition(s) or an early stage business with substantial operations or that is beginning operations in Missouri and has the potential for regional, national, or international sales or the development of new technologies. To be eligible for designation, the ESBDC must provide grants to for-profit companies in the three largest metropolitan statistical areas (MSAs) without taking an equity interest in the company, and the grants must not be loans. The grants are limited to \$200,000 per company. Assuming an appropriation level of \$9 million, the grants must be distributed as follows:

- (1) One ESBDC in each of the three largest MSAs will receive \$2 million;
- (2) One ESBDC in a MSA containing the city of Columbia will receive \$2 million; and
- (3) Two ESBDCs operating in rural Missouri or smaller MSAs will receive \$500,000.

If the funds are not used in one area they may be redistributed to other ESBDCs in the same category.

To be eligible for designation by the MTC, a not-for-profit in one of the three largest MSAs or a MSA containing the city of Columbia must raise at least \$2 million from other sources, and a not-for-profit in another MSA area of the state must raise at least \$150,000 from other sources prior to applying for the first time. The not-for-profit must apply to the MTC for the designation by October 15 of the fiscal year in which the funds are sought and the department must make a decision on the approval of the application within 60 days.

#### DEPARTMENT OF ECONOMIC DEVELOPMENT **Community Development Block Grants** Section 7.045

# Budget Book Page 158

This section provides grants to non-entitlement cities and counties for community development activities that: (1) benefit at least 51% low and moderate income persons; (2) eliminates slum and blight; or (3) meet urgent threats to health and safety. Typical projects include infrastructure expansion and improvements (water, sewer, bridge, street, drainage); downtown revitalization; housing rehabilitation; housing finance (down payment assistance); Americans With Disabilities Act accessibility improvements; and community facility projects (senior centers, day care, Sheltered Workshop, community centers).

#### DEPARTMENT OF ECONOMIC DEVELOPMENT Rural Regional Development Grants Section 7.046

#### Budget Book Page N/A

Regional planning commissions may submit grant applications to DED for economic development authorities recognized by the commission as an economic development agency in the counties it represents. After a rural regional development group is awarded the grant, the group must:

- (1) Track job creation and investment in a region using quantitative measures of progress toward pre-established goals;
- (2) Establish a process for enrolling commercial and industrial development sites in the region in the state-certified sites program or maintain a list of state-certified commercial and industrial development sites in the region;
- (3) Measure the skills of the region's workforce;
- (4) Provide an organizational chart demonstrating that private businesses and local governmental and educational officials are involved in the group; and
- (5) Provide documentation of the group's financial activities for the current year.

A development group does not qualify for a rural regional development grant if:

- (1) The group's region includes a county or portion of another state outside the state of Missouri; or
- (2) The group maintains an operating budget greater than \$250,000.

Grants cannot exceed \$150,000 and no more than two grants can be awarded annually to any one of the 19 regions created by Chapter 251, RSMo. Grants to groups in operation for two years or more must provide or raise a \$1 match for every \$3 of state funds provided by the grant, including the value of in-kind services, supplies, or equipment. Grants to groups in operation for less than two years must provide or raise a \$1 match for every \$1 of state funds provided by the grant.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Small Business Credit Initiative Section 7.050

Budget Book Page 172

The State Small Business Credit Initiative was created by the federal Small Business Jobs Act (2010). Under this program, Missouri plans to receive \$27 million to support small business loans and equity investment. MTC will administer \$17 million of the funds under the Missouri IDEA Seed and Venture Capital Funds, and DED will administer \$10 million under the Grow Missouri Loan Participation Fund. A key federal requirement of this funding is that Missouri must demonstrate a reasonable expectation that the program, as a whole, will leverage 10 private dollars in financing for every dollar from the program. The program must also target companies with not more than 500 employees. Under the loan participation fund, borrowers may receive up to 10% of the project cost or \$75,000 (\$100,000 for MBE/WBE) per new or retained job, not to exceed \$3 million at 2% interest (0% for MBE/WBE) for 8 years. Under the IDEA Fund programs, financing in the form of equity or convertible debt is available to firms that belong to an MTC-targeted industry. Loans are also available for industrial expansion that results in significant capital investment and job creation in MTC-targeted industries.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Main Street Program Section 7.055

# Budget Book Page 179

The Main Street program provides technical assistance and training for cities' governments, business organizations, merchants and property owners to accomplish community and economic revitalization and development of older central business districts and neighborhoods. Through contract services with the National Main Street office, the annual contracts outline numbers and types of trainings to be offered to Missouri communities. DED works with the Missouri Main Street Connection, a not-for-profit organization supported by the original Missouri Main Street Communities.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Tax Increment Financing Section 7.060

### Budget Book Page 186

Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area and approved by the director of the Department of Economic Development and the Commissioner of the Office of Administration. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties. The amount of the subsidy may be up to 50% of state withholding taxes OR 50% of state general sales taxes (3%) generated by the TIF project to supplement the local TIF funding.

Current TIF obligations include the following projects:

- (1) Kansas City Midtown: infrastructure improvements and retail development at Mill Street and Westport Rd. and at Linwood and Main;
- (2) Independence (Santa Fe): infrastructure redevelopment to support commercial development and housing.
- (3) St. Louis Convention Hotel: construction of a 1,083 room convention headquarters hotel complex;
- (4) Cupples Station (St. Louis): redevelopment of abandoned buildings in downtown near Busch Stadium;
- (5) Springfield Jordan Valley Park: redevelopment of exposition center in downtown Springfield;
- (6) St. Louis Lambert Airport Eastern Perimeter Redevelopment redevelopment of 500 acres of land just east of Lambert Airport between I-170 and I-70 developed for light industrial, warehouse, office, and some residential;
- (7) Kansas City Pershing Road: renovation of old post office building and other developments on south side of Pershing Road;
- (8) Kansas City 1200 Main: new development for H&R Block Corporation headquarters;
- (9) Riverside L-385 Levee: infrastructure and levee improvements at 1600-acre site, city of Riverside;
- (10) Branson Landing: redevelopment of 208-acre riverfront area in downtown Branson
- (11) Independence Crackerneck Creek (Bass Pro Shops) Development: construction of Bass Pro Outdoor World Store, lodging and complementary retail and dining establishments in a 400 acre undeveloped parcel couth of I-70 and west of I-485;
- (12) Kansas City East Village: J.E. Dunn Headquarters, infrastructure improvement and mixed use development in east end of downtown Kansas City west of I-70
- (13) Bannister Retail: development of retail, dining, and hospitality on the site of the old Bannister Mall to compliment an adjoining technology/business park to be developed on the south side of Kansas City
- (14) Three Trails Office: new construction of a technology and executive park complex on the site of the old Bannister Mall in south Kansas City

TIF projects pending:

(1) St. Louis CORTEX

TIF projects completed and closed:

(1) Excelsior Springs: Elms Hotel and supporting infrastructure

### DEPARTMENT OF ECONOMIC DEVELOPMENT MODESA Program Distribution Section 7.070

#### Budget Book Page 211

The Missouri Downtown Economic Stimulus Program is designed to use increment financing to support redevelopment in Missouri's downtowns. MODESA tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties. GR transfers into the fund are made by the Department of Revenue in the amount of the net new taxes captured and used to pay off debt.

#### Active Projects:

Kansas City Live! – restore/rebuild an eight city block, approximately 425,000 sq. ft. in the south central part of downtown KC to consist of specialty retail establishments and loft housing

Ballpark Village: redevelop an area adjacent to Busch Stadium in St. Louis into restaurant, retail, entertainment, and office space.

Legal Basis: RSMo. 99.915

Funding Sources: Other - State Supplemental Downtown Development Fund (0766)

### DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Community Services Commission Section 7.090

#### Budget Book Page 249

The Missouri Community Service Commission (MCSC) receives funding from the Corporation for National and Community Service (CNCS) to administer the AmeriCorps State and Education Awards programs in Missouri. These funds are made available to not-for-profit organizations, educational institutions, community-based organizations and faith-based organizations with 501(c)3 status to provide critical community needs related to education, disaster services, health, environmental stewardship, economic opportunity, and service to veterans and military families. These organizations use grant funding from AmeriCorps to recruit, train, and supervise AmeriCorps members. MCSC staff is located within the Department of Economic Development's Business and Community Services division. MCSC is composed of 15-25 Governor-appointed commissioners and five full-time staff.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Arts Council Section 7.095

# Budget Book Page 2-64

The Missouri Arts Council gives matching grants to non-profit organizations in Missouri for arts programs. The council and staff are charged with reviewing requests for funds and for allocating state and federal funds appropriated for arts programs, for monitoring the expenditures of those funds, and for providing technical and professional assistance to contractors. Arts programming includes: arts education, arts services, community arts, discipline program assistance (dance, electronic media, festivals, literature, multidiscipline, music, theater, visual arts), established institutions, mid-sized organizations, folk arts, minority arts, mini grants, and touring. Applicants must demonstrate that their art projects have high artistic quality and that the organization has sound administration and financial management skills. All Council-supported activities must be open and accessible to the general public.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Public Television and Radio Stations Grants Section 7.095

## Budget Book Page 2-89

Sections 185.200 – 185.230, RSMo authorize a state assistance program for public television broadcasting stations. A substantial portion of the state funds received under this legislation is to be used for local programming related to the needs and problems of the community served by the broadcast licensee. The grant will be divided into two categories, an annual basic service grant and an operating grant. The basic service grant shall be equal to 35% of the total amount appropriated and shall be divided equally amount the public television stations receiving grants. The remaining amount of the appropriation is to be distributed as operation grants to the stations based on each station's share of operating expenses of all the stations' operating expenses.

Section 143.183 (8), RSMo. provides for a transfer of 10% of the annual estimated GR collections from the Nonresident Athletes and Entertainers Tax to the Missouri Public Broadcasting Corporation Special Fund. Of that transfer amount, 75% is to be allocated to public television stations in the manner outlined in Sections 185.200-185.230 and 25% is to be allocated to public radio stations. The public radio station allocation is to be divided into a basic service grant and an operating grant. The basic service grant shall be equal to 35% of the total amount appropriated and shall be divided equally amount the public radio stations receiving grants. The remaining amount of the appropriation is to be distributed as operation grants to the stations based on each station's share of operating expenses of all the stations' operating expenses.

Missouri has 4 public TV stations and 12 public radio stations.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Division of Workforce Development – Administration Section 7.115

### Budget Book Page 2-8

The Division of Workforce Development (DWD) administers employment and training programs authorized by the federal government. The major funds include the Workforce Investment Act, Wagner-Peyser Act, Trade Adjustment Assistance Act and Veterans' Employment and Training Service. In addition, DWD administers certain state-funded industry training programs. These programs include, but are not limited to: job search assistance, job preparation and skills training for eligible adults, dislocated worker employment and training, youth activities, and veterans' services. This core for administration covers the personal service and expense and equipment costs to operate the programs in the Division.

The Show Me Heroes Program is located in this core. It provides a 50% reimbursement for on-the-job training provided by employers who choose to join the program and hire veterans. Spouses of active duty and deployed reserve component members are eligible for employment services and other assistance to prevent the family from falling into poverty while the primary income-earner is away.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Division of Workforce Development – Programs Section 7.120

### Budget Book Page 2-17

This section provides funding for Workforce and Self-Sufficiency programs. The Workforce Investment Act provides the framework for a unique national workforce preparation and employment system designed to meet both the needs of the nations' businesses and the needs of the job seekers and those who want to further their careers. These are the funds that the State of Missouri is obligated to distribute to subcontractors and recipients, including the local workforce investment boards, according to federal and state statutes. It includes the funds that benefit Missouri for Trade Adjustment Assistance to enable American workers affected by international trade to rejoin the workforce by providing them with the means to attain competitive and marketable skills for today's increasingly competitive work environment. Programs included in this core are: Adult Employment and Training Activities, Dislocated Worker Employment and Training Activities, Veterans Employment, Work Opportunity Tax Credit (WOTC), jobs.mo.gov, and Trade Adjustment Assistance.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Works Community College New Jobs Training Program Section 7.135

Budget Book Page 2-42

The Missouri Works Community College New Jobs Training Program is designed to help companies create new jobs by offsetting the high cost of start-ups or expansions. The training is financed through the sale of certificates: the number of jobs being created and their respective wage rates determine the amount of the certificates. The certificates are then retired by deferring a portion of the employer's withholding tax on the newly created jobs. The program offers an incentive for the creation of new jobs by providing education and training of workers for new or expanding industries. Eligible companies include those engaged in the manufacturing, processing, or assembling of products, those who conduct research and development, or those who provide services of interstate commerce. The creation of 100 jobs at or above the county average wage is generally the entry point for this program, although higher than average wages may lower the number of employees necessary to qualify. The program is administered by the community colleges in cooperation with the Department of Economic Development. It has a \$55 million cap. The support for this program is provided by the Missouri Works Job Development Fund.

### DEPARTMENT OF ECONOMIC DEVELOPMENT Missouri Works Job Retention Training Program Section 7.140

### Budget Book Page 2-50

This section provides authority for the Missouri Works Jobs Retention Training Program which offers an incentive for the retention of existing jobs by providing education and training to existing industries. The program targets companies with plans to move outside the state to find skilled labor by providing training assistance for workers to increase their skill level. Companies currently located in Missouri with a sound credit rating may be eligible if they are engaged in the manufacturing, processing, or assembling of products, or they conduct research and development, or provide services in interstate commerce. In addition, there are minimum standards on the number of jobs retained, the amount of capital investment, and the Department of Economic Development must be able to verify and document the jobs are at-risk. The funding is generated from the withholding tax on retained jobs, DED/DWD must have this appropriation authority to disseminate money to the trustees to retire the bonds. There is a \$45 million cap on the amount of outstanding certificates for this program, so it is estimated that at least \$10 million is required to handle that debt load (178.983, RSMo).

# DEPARTMENT OF ECONOMIC DEVELOPMENT Division of Tourism Section 7.150

### Budget Book Page 2-137

This core decision item establishes the spending authority for the Missouri Division of Tourism (MDT) Statewide Tourism Marketing Program as provided for in Sections 620.450 through 620.467, RSMo. Section 620.467, RSMo., tracks sales tax revenue generated by 17 tourism-related Standard Industry Classification (SIC) codes used as a barometer to determine the growth in the Tourism Supplemental Revenue Fund (see core description below for GR transfer to TSRF).

It is the assignment of MDT to develop and implement an aggressive marketing strategy that promotes leisure travel in Missouri. This includes the tourist attractions, scenic sites, recreational activities & destinations, cultural and historic sites, state parks, and hunting and fishing areas of the state. Specifically, this is accomplished through research-based advertising & public relations campaigns, fulfillment of requests for tourist information, trade conferences, and the state's Tourism Welcome Centers. MDT works with local businesses, destination marketing organizations, convention and visitors bureaus, and communities to leverage and tie-in to marketing and public relations efforts.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Division of Tourism – Tourism Supplemental Revenue Fund Transfer From GR Section 7.155

## Budget Book Page 2-160

This section provides for the transfer of funds from the General Revenue Fund to the Division of Tourism Supplemental Revenue Fund, according to HB 188 (1993). By statute, the transfer amount is calculated as the previous fiscal year's transfer amount plus one-half of the sales tax increases above 3% growth in seventeen SIC codes related to tourism. The 3% growth threshold is calculated using the 3<sup>rd</sup> and 4<sup>th</sup> years preceding the fiscal year when the transfer is to occur. The increase in any fiscal year appropriation may not exceed \$3 million.

The Division of Energy was notified of a competitive grant award of \$268,232 from the US Dept of Energy for development of a statewide technical reference manual (TRM) for energy efficiency. The division will work with a contractor to develop the TRM which will be a common reference document used to facilitate planning, implementation and evaluation of ratepayer funded energy efficiency programs. The MO TRM will be developed in coordination with MO energy utilities and program administrators, utility regulators, and collaborative stakeholders and build off of relevant information in other Midwest TRMs and using MO-specific energy efficiency program evaluation, measurement and verification data.

## DEPARTMENT OF ECONOMIC DEVELOPMENT Manufactured Housing Section 7.170

### Budget Book Page 2-239

The Manufactured Housing section, housed within the Public Service Commission, registers manufacturers and dealers of manufactured homes and modular units as well as installers of new manufactured homes. The office is required to:

- 1) annually register manufacturers and dealers of manufactured homes and modular units, and new manufactured home installers
- 2) prescribe and enforce uniform construction standards for manufactured homes and modular units manufactured and/or sold within the state
- 3) enforce manufactured home set-up and tie-down requirements
- 4) administer the Consumer Recovery Fund

The office also acts as the state administrative agency (SAA) to the Federal Housing and Urban Development's Manufactured Housing Program in an effort to assure safe and affordable housing for consumers with an emphasis on safety. The office provides this assurance by responding to consumer complaints, conducting manufactured home inspections, dealer lot inspections, and manufacturing plant record reviews. It also provides installer and inspector training.

# DEPARTMENT OF ECONOMIC DEVELOPMENT Manufactured Housing – Consumer Recovery Fund Transfer Section 7.175

## Budget Book Page 2-246

The Manufactured Housing Consumer Recovery Fund was set up in SB 788 (2008). It provides for a means for manufactured housing consumers to seek payment of a claim against a dealer, but only after all other legal remedies have been exhausted. The PSC must promulgate rules regarding the administration of this program, as called for in SB788. This appropriation would allow for a transfer from the Manufactured Housing Fund to the Manufactured Housing Consumer Recovery Fund.
